Experience

1. Frontend Developer

Karmoon

London, U.K

Apr 2022 - Sep 2023

- Utilised modern technologies such as React, Next.js, TypeScript, and Tailwind to create engaging websites and web applications
- Developed custom Shopify e-commerce sites and themes using HTML, SCSS, JavaScript, Web components, and Liquid
- Ran unit tests and optimized projects with Google Lighthouse, third-party software and best practices
- Regularly communicated with clients to gather feedback and make adjustments throughout the project lifecycle

2. Web Designer and Developer

Selected Group

London, U.K

Nov 2021 - Mar 2022

- Developed and designed multiple restaurant websites for clients across the UK and Spain
- Enhanced user experience by creating intuitive UI designs
- Managed a portfolio of websites with regular updates and maintenance

3. SEO / Web Designer

Kinetik solutions limited

London, U.K

Aug 2021 - Jun 2022

- Enhanced website layouts to optimise user experience and increase readability, resulting in improved engagement
- Streamlined SEO techniques and optimised site performance, resulting in faster load times and enhanced responsiveness
- Created engaging infographics that complemented the company's brand voice and elevated its online presence
- Produced visually appealing documents and brochures that adhered to company-style guidelines, facilitating effective communication with prospective clients

4. Web Development Intern

Soapbox

London, U.K

Sep 2019 - Sep 2020

- Developed WordPress themes using HTML, SCSS, JavaScript and PHP
- Ensured the smooth running of client websites and plugins by conducting monthly reviews and maintenance checks
- Maintained regular communication with clients to gather feedback and ensure their satisfaction with our services

5. Design / Marketing Intern

Maxxelli

Chengdu, China

Jun 2019 - Aug 2019

- Created engaging and effective content using CMS platforms Wordpress and WeChat
- Designed impactful documents and reports for the company's internal use
- Produced high-quality graphics to enhance visual communication efforts

Education

1. Brunel University London	Sep 2017 - Jun 2021
• Achieved a 2.1 Honours BA in Digital Media studies	
2. Worcester Sixth Form College	Sep 2014 - Jun 2016
